To the Families and Business Community of Bangor and surrounding districts

WHEN going or sending to New York for supplies, you are respectfully invited to make a trial of the superior TEAS, imported expressly for the

IMMENSE TEA WAREHOUSE OF
CHRISTIANSON & CO.,
Dealers in TEAS and COFFEES exclusively.

This is by far the greatest concern of the kind
IN THE WORLD,
affording the opportunity at all times, of procuring a pure, reliable, and choice variety of TEAS and COFFEES, which in *quality* and *price,* present unrivaled inducements to both Dealers and Consumers.

The facilities possessed by this establishment are of such a character as to warrant the proprietors in speaking thus confidently, and they are prepared to abide the decision of all who may test their sincerity by a critical examination of their stock and prices.

This immense establishment is situated in the very heart of the city of NEW YORK, at the corner of the two great thoroughfares, *Broadway* and *Grand Street,* affording every convenience of easy access, and in the midst of the most extensive establishments of this great commercial metropolis.

Holding ourselves responsible for a fair and truthful representation of all we sell, and with the assurance to our customers that unless such shall prove to be fully equal to our representations, that the goods will be taken back and the money cheerfully returned, we are sure that our system of doing business must meet with the hearty approval of purchasers.

In conclusion, we respectfully renew our invitation to Families and Dealers, believing that a trial will convince them of the great advantages which we hold out to customers in making their purchases at

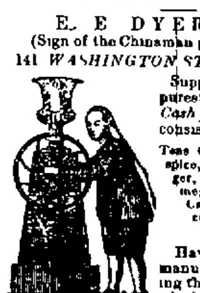
TREMONT MILLS.

Teas, Coffees, Chocolates, Cocoas, Spices, &c.
WHOLESALE—AND ALSO IN SMALL PACKAGES
E. E DYER & CO,
(Sign of the Chinaman grinding Coffee)
141 *WASHINGTON STREET BOSTON,*



Supply the best, finest and purest articles, at the *lowest Cash prices.* Their Stock consists of

Teas Coffees, Chocolates, Allspice, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Taraxacum or Prepared Dandelion Root, &c.

Having every facility for manufacturing and preparing the several articles named, the public may rely on having them *pure* and *genuine,* as they are put up carefully and bear our name and label "TREMONT MILLS E E DYER & CO." To give consumers some idea of our sales we annex the following scale of prices, viz:

5lb Souchong Tea	1 50	5lb Mocha Coffee,	1 00
5lb Oolong Tea	1 75	5lb Java Coffee	80
5lb Y Hyson Tea,	2 25	6lb good Coffee,	1 00

The Spices are put up in ¼ and ½ lb tin cases expressly for family use and are warranted to be strictly a pure article and only need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our *Spanish Coffee,* as an article which is highly esteemed, and gives the greatest satisfaction. It is prepared with particular care and by a peculiar process in roasting, one pound of this coffee, it is believed, is equal to 1½ lbs of any other.

DANDELION COFFEE.—This article is carefully prepared at our mills and put up in packages having our trade mark and may be relied upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM or *Prepared Dandelion Root.* This article is prepared and roasted at our Mills, is retailed by Family Grocers generally in city and country, and bearing our trade mark, "*Chinaman grinding coffee*" may be relied upon as the *genuine article.* The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists.

The medical properties of Dandelion are well known, and held in high estimation by all who use it. This being a preparation of the root with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste, and will be found cheap and economical as a family beverage, one pound of which being nearly equal to two pounds of coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c.

Be careful to observe that all our Taraxacum has our trade mark—"Chinaman Grinding Coffee"—as there are many imitations of our article *called* Taraxacum in the market.

To Grocers and Dealers a liberal discount is made enabling them to supply their customers at the same low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do business on the credit system, and we confidently invite an examination of the *quality* of our stock and our prices, as compared with those of any other house.

DEMOCRACY RAMPANT —We make the following choice extracts from the manifesto in the last Rockland Democrat, against the appointment of Straight Whigs to office The developments are scarcely less rich than those in the recent onslaught of the *Saco* Democrat upon the "Board of Trade," and the Dictatorship of Clifford and Appleton.

[From the Rockland Democrat.]

The democrats of Rockland felt constrained by every principle of manhood to meet with becoming spirit what they considered to be an outrage upon the democracy of this district, and to express in a public manner this disapprobation of the appointment of John H. Kennedy They saw the petition of 2300 good and true democrats—almost the entire strength of the party in the district—the working men, the strong men, men who have fought the battles of the democracy for years—go up to Washington praying for the appointment of Edwin Rose to the Collectorship of Waldoboro District, and they saw that petition met and defeated by a counter petition of 400 whigs—old line whigs, some of them the opponents of Jackson—none of them more than a few months in our ranks, and *all of them to be distrusted in future operations* * * * * * They knew that an act of injustice had been done—that the democracy of this district had been insulted—sold—sacrificed to the ambition of a few men who hoped to bind to their own interests the whigs of this State by making Waldoboro District the scapegoat for the democracy of Maine It was quite evident to them that the thirteen collection districts had been scanned, and that one taken to appease the whigs which seemed to offer the least prospect of resistance and promised to yield tamely to the disgrace inflicted upon it

Under such circumstances there was no high-spirited democrat in the district who did not feel his cheek tingle with shame, when he thought that he was but one of a party of men who were to be sold, like sheep in the shambles to the highest bidder, or disposed of to *suit the convenience pleasure or profit, of some self constituted political guardians*

* * * * * * * * *

In conclusion, it is very plain that in these Rockland appointments the old line democrats of the place are not represented * * * * * * In addition to the general grievance in the appointment of John H. Kennedy, they find themselves left entirely out in the cold—first forsaken by Clifford, Appleton & Co, and then left by John H Kennedy without even a mess of pottage

* * * * * * * * *

In expressing our dissatisfaction with the appointment of John H Kennedy, we are not to be understood as censuring the Administration.

[Oh no—of course not!—But who made the appointments?]

* * * * * * * * *

WE ARE SOLD The bargain, sale and transfer of the democratic party of the district of Waldoboro to the whigs, have been consummated We are sold, body and boots, bag and baggage, and may quietly coil ourselves away in the shade for the next four years, while our "hireplant them" "stakes of Zion" and prepare to hold the territory which has fallen within their grasp. From Pemmaquid Point to Camden line, there is not a sub appointment made or contemplated which is not done with a sinister eye to the democracy, save one, and that is the appointment of Atwood Levensaler — Mr Levensaler could not be moved out of the way He always disliked the alliance, and showed his teeth at the Rockland Convention last fall.

* * * * * * * * *

At that same Rockland Convention there were two prominent candidates for a nomination to Congress Henry Ingal's of Wiscasset and Manasseh H Smith of Warren Farley and whiggery were decidedly in favor of Ingalls, while straight out democracy and Levensaler were for Smith. Ingalls was nominated, and in gratitude for what assistance he then received and with an eye to future benefits, *he* aided in selling out the democrats of this district John Babson was particularly officious at that time in bringing about the nomination of Ingalls and labored strenuously to give the whigs a controling voice in the Convention *he too* is one of the men who have the honor of selling out their democratic comrades, and casting their votes with whiggery The whole sum and substance of this matter is, that Ingalls, Farley, Babson and Kennedy are to take supreme control of political affairs in Lincoln County, and shape them to suit the interests of Clifford, Appleton, & Co, to whom Kennedy is indebted for his office

* * * * * * * * *

We say again that the democracy of this District are sold, and we caution all democrats to beware how they subscribe to their own infamy by endorsing the measures or following the lead of those who have sold us — If, in the opinion of others we are marketable property, that *opinion* does not constitute a *fact* but when we permit ourselves to be bought and sold without remonstrance against it, then in reality we are nothing but merchandise, and in this case ought to be labeled, SOLD BY INGALLS, BABSON, CLIFFORD, APPLETON & CO, TO FARLEY, KENNEDY, AND OTHERS

A FEARFUL LEAP The Niagara Falls Gazette says that on Saturday evening a Mrs. Flynn, wife of a laborer, jumped over the bank of the Niagara river, just below the Hydraulic Canal She apparently struck in the top of a tree after a descent of about one hundred feet, and fell from there to the bottom. When she left home she kissed her children, bid them good bye, and told them to inform Mr. Flynn that he would see her no more. When found she was sitting very composedly, cogitating, doubtless, on the uncertainty of human calculations, especially when predicated on untried experiments. She was considerably bruised and scratched, but not much more than frequently happens in an ordinary shindy. Intoxication has been assigned as the cause of the act, but this is uncertain.

We are indebted to O. R. Patch for late papers.

Hon. Hiram Belcher.

The HON. HIRAM BELCHER of Farmington, died a few days since, at the age of sixty-seven. Thus another of the valuable, excellent and honest men of the age that is passing away, has left us, to mourn his loss and to cherish the memory of his virtues. Mr Belcher was a native of Maine, and passed his long and useful life on the banks of Sandy River, in the beautiful town of Farmington, and he was one of those who are most honored and best esteemed "in his own country" and by his own neighbors and friends. He was an honest lawyer—faithful and true to his clients, without lending himself to any doubtful or dishonest courses, well grounded in the solid learning of his profession—but no stirrer up of strifes and litigation. As a man in public office, and he was called to many of the most important in State and nation, he was firm in his principles, decided in his views, true to his convictions, and mainly anxious to do his duty with perfect conscientiousness and unshrinking fidelity. He was no time-server or demagogue, watching the weathercock, but in his public as in his private life, he formed his opinions with an honest mind and carried out his convictions with a courageous independence and unwavering fidelity. He made no pretensions and assumed no superiority to his fellow men, but always mindful of the universal brotherhood, he secured without artifice or profession, the respect and friendship of all by his solid qualities and his unquestioned integrity Perhaps no man in Maine had a larger number of attached personal friends—who delighted in his society and his conversation, and his simple habits and unwounding wit. He had many of the better traits of the Puritan of former days—strong in his faith, earnest in his purposes, and uncompromising in his opposition to despotic power, and unfailing in his resistance to all slavery of mind or body And in him also was found in a great measure, that quick appreciation of the weak, the vain, the assuming and the absurd, which often found vent in keen wit, quiet but effective sarcasm, and long remembered single sentences full of humor and good natured but effective reproof His wit was like that of Charles Lamb, kind but keen, pointed, but not to wound the individual, condensed with severe simplicity, and uttered with no show of effort.

Mr. Belcher was frequently elected as a member of the Legislature, and served in the House and Senate He was a member of Congress 1847—1849, and filled other responsible offices,—and in all he exhibited his sound judgment, honest purposes and unostentatious labor Happy in his domestic life, he lived among his neighbors and friends, beloved for his christian character, and his social virtues, doing his duty as a citizen in all the relations of life. He has gone down to the grave before he had reached the limit of three score and ten, but his memory will be cherished by many in all parts of the State, who knew him well and loved him as an elder brother, and who looking back on life and its changes, will dwell with peculiar pleasure upon the memory of one whose friendship has "been very pleasant unto them," and who was always faithful, steadfast and true in public and in private life K

The name of the new Chinese Commissioner, Mr Reed, is said to be totally unpronouncable in Chinese, the sound of the letters r and d being unknown in that language Le or Le el is the nearest approximation they can make to speaking the name A correspondent of the New York Herald, therefore says and no doubt truly that instantly when the Chinese, who are fond of jokes, discover that Reed is the synonym of Bamboo, an article they are well acquainted with, they will name the new functionary Mr Commissioner 'Bamboo.'

RAILROAD CELEBRATION —The Executive Committee of the Ohio and Mississippi Railroad, which has just been opened from Cincinnati to St Louis, have issued invitations to a large number of persons to participate in the celebration of the opening of the road on the 3d and 4th of June next. The guests will be passed free over the various routes to Cincinnati and St Louis, on any day before the excursion, after the 27th day of May, and on the return trip on any day before the 13th of June At Cincinnati and St. Louis they will be the guests of Ohio the and Mississippi Railroad Company This promises to be one of the most extensive and agreeable railroad celebrations ever had in this country

LOOK OUT FOR SWINDLING —The Detroit Tribune calls the attention of eastern capitalists to a system of pine land swindling by unscrupulous parties in the west, who operate through itinerant agents in the Eastern States The Tribune says thousands of acres of almost worthless scrub Norway pines have been sold to eastern men for from four to ten dollars an acre, that are not worth ten shillings altogether. Even if parties buying send an agent to examine the lands, the resident operators have a cunningly devised scheme by which they show the agent through really valuable tracts of land, and sell him worthless property.

At the annual meeting of the Penobscot Mutual Fire Insurance Company, held at their office in this city, yesterday (Monday) E. L. Hamlin, B. Harlow, J S Sayward, Chas. Sawtelle, S. F Hersey, R. S Prescott and A. G Wakefield, were chosen Directors for the ensuing year.

BOOMS BROKEN.—The boom at the head of Nicatous Lake gave way, as we learn, at the time the ice broke up, and the logs are in consequence scattered over the lake. It is said that they will be collected some time this week.

We understand that a burglarious attempt was made on Friday night to enter the house of Charles Stetson, Esq, on Broadway The rogue was heard tampering with the lock, by some one inside, and was frightened away, leaving a piece of crooked wire, with which he been trying to pick the lock.

Rev. J R. M. Wright of Burlington, has received and accepted a call to become pastor of the Congregational Church at Rockport.

THE COMPLIMENTARY BENEFIT TO M. ANDRIEU is to be given at Norumbega Hall THIS EVENING (instead of last evening as we were erroneously informed)—and *Wasgatt's Quartette Band*, consisting of Messrs Wasgatt, Conley, Hook and Leathe, have liberally volunteered their assistance for the occasion. We believe our citizens intend to give M. Andrieu a rousing benefit. His sketches, (including that of Bangor) receive the warmest encomiums from all who witness their exhibition. We copy the following from the Journal of yesterday.

STREETER'S MUSICAL ACADEMY. We invite attention to the advertisement of Mr H K Streeter in another column, proposing to open classes for instruction in vocal music Mr. S is well known to our people as a musical instructor of much experience and ability His intention we believe is to establish a proper Musical Academy, where vocal music more particularly will be taught Voices will be classed separately—that is, male voices by themselves, ladies the same. When the rudiments are acquired, the different classes will meet for choir practice In this way each pupil has special exercises, and receives special attention. Advanced pupils will receive private instruction in the mechanical use of the voice, giving them a thorough knowledge of all the different schools and theories of treating voices. Voices which have been injured by bad use, or which have received improper training will be restored and perfected, and his method of disciplining the voice has had great curative effects upon diseased throats in many instances Mr S will also give instruction upon the violin and flute

THE LECTURE ON PHYSIOLOGY at Concert Hall this evening, by Dr Hebbard, is, we understand, more particularly to those ladies who are sufferers from spinal, pulmonary, liver, womb, nervous, and other chronic, and supposed incurable diseases. If hope of cure can be restored to such on reasonable grounds, and the means pointed out by which they may regain health, we think the lecture must be a valuable one.

Dr. Hebbard gave two lectures to the ladies at Frankfort, we understand, with most entire success, after which he treated with his mechanical appliances some eight or ten cases considered among the incurable, all of whom are improving quite rapidly. If he is as skillful as represented he will doubtless have business enough here to detain him some time.

Mr. Henry C. Simpson, late of the St. Lawrence Democrat, declares that he has *not* left the Democratic party, in consequence of the Dred Scott decision, as was reported recently Well, it only proves that there was one the less of honest, candid and outspoken men in the democratic party than was supposed.

Mr A W. Wilds, late of the Somerset & Kennebec Railroad, has been appointed Chief Engineer of the Ontonagon and Marquette Railroad, Michigan, one of the most important lines ever projected in the West

ABSENCE OF MIND —About 2 o'clock on Saturday morning, two of our city police found a horse and carriage standing near the post-office, and after satisfying themselves that no one was likely to come after them, took them to a livery stable and had the horse cared for. In the the morning the proprietors of the stable recognized the horse as belonging to one of our most respectable and straightforward citizens, who was at once informed of the transaction. It seems he drove to the post office the evening before, and after getting his letters walked home, leaving his horse and carriage standing where they were found the evening before.—*New Haven Jour.*

FOR THE WEST VIA NEW YORK.—Passengers for the West will find one of the best routes advertised by the way of New York City—Leaving this city on the commodious steamer M. Sanford, spending a few hours in Boston, and leaving there in the afternoon by either of the three superb routes over Long Island Sound the traveller finds himself in New York city the following morning Thence by the New York and Erie road, celebrated for its broad gauge, spacious cars and perfect management, he pursues his journey through the interior of the Empire State, to Buffalo & Dunkirk, and so on This is a splendid route for those proposing to go West, and offers excellent facilities. Apply to Loomis Taylor, Agent of the M. Sanford, or at the office of W. H. Taylor, West Market Square.

MAN LOST —On Wednesday last, between 12 and two o'clock, Capt. Luther Coombs, master of schooner Betsey & Polly, left his vessel in company with two Irishmen, for the purpose of paying them some money. He was seen in their company a short time afterwards in a neighboring store, since which no trace of him can be found. He was about 50 years of age, and has a family in Belfast. His relatives, assisted by Simon F. Walker and others, have made diligent but unavailing search for him Foul play is suspected.

Another Good Word for "Down East."

I noticed in your paper of May 8th that snow lay to the depth of five feet in Norfolk, while in New Marlboro' it was six feet deep, I also see a request in your paper inviting the inhabitants of those regions to come down to Maine "where they can enjoy a mild climate, and not have to shovel snow on the Fourth of July" Perhaps I can add a word of encouragement to the same end. I caused to be sowed four bushels of wheat on two acres of ground, May 2d; on the 9th it was up so green that it could be seen with the naked eye at more than a rod's distance I have lived on my farm about a half century, and generally have good crops JOSHUA LANE

WHAT IS DEMOCRACY, THEN?—The New York Day Book, the Organ of the Administration in New York, concludes an article headed, "Can an opponent of Slavery be a Democrat?" with this explicit enunciation of the Democratic doctrine —*Norwich Cou*

"Every white man opposed to negro subordination is necessarily opposed to white equality, or, in other words, *every man opposed to slavery, must, in the nature and necessity of things, be hostile to Democracy*, and however blindly, be an enemy to liberty and the progress of free institutions"

A NEW FASHION AT BADEN BADEN —A new custom introduced during the late season at Baden Baden is that of ladies who have no male friends, being attended by *accompanyateurs'* These officials wait upon the ladies strictly in a business way, but are indefatigable in attention, escorting them everywhere as companions rather than servants Madame's "*accompanyteur* carries her shawl, her little dog, her portmonaie, &c, observes everything, but understands nothing she does not condescend to explain, and shows the most perfect tact in the manner and time of his going and coming. His attendance causes no scandal, though it is necessary for him to dress well and maintain a certain gravity and dignity of deportment, and to be well acquainted with the manners of the aristocracy, so that he may never be at a loss nor embarrassed in the circles into which he may be introduced A knowledge of cards is also essential, as he sometimes may have to represent Madame in that capacity, and it is also desirable that he shall understand music, in case he should be called upon to accompany her on the piano.

HOW TO GET A SEAT.—A few weeks ago an old gentleman and his lady were coming down from Iowa City to Davenport when the cars were crowded A young man got up and gave the old lady a seat, while his companion, another young man, remained steadfast, and let the old gentleman stand. This did not suit our old friend, so he concluded to get a seat in some way, and, quick as thought, turned to the young man on the seat beside his wife, and said, Will you be so kind as to watch this woman while I get a seat in the other car? She has fits" This startled the young gent He could not bear the idea of taking charge of a fitty old woman, so the old gentleman got a seat, and his wife was never known to take a fit afterwards —*Davenport Dem*

HOW TO PLANT TREES AND SHRUBS.—Young trees and shrubs—such as rose bushes—if received from a distant nursery and appearing dry and withered, should be treated as follows — Dig a trench in the ground just as long as the trees or shrubs and roots, and lay them down in this; cover with a little dirt, pour on a pail of water, and then cover all over with six inches of earth. In forty-eight hours the buds will be swelled out. This was the method recommended by the lamented Downing, and we have found it to succeed perfectly.—*Scientific American*

Louis Napoleon is doing a large business in the way of "intervention." Wherever two nations are at loggerheads, he makes a third.—He is arbitrating between Prussia and Neufchatel He is mediating between Sardinia and Austria He is negotiating between Mexico and Spain. He is conciliating in behalf of King Bomba with the Neapolitans, and he is stipulating in behalf of England with the Chinese.—*Albany Journal.*

COUNTER INJUNCTION. We learn that P. B. Templeton Esq., has served notice of an injunction on Dr. Dwight to enjoin the publication of the address on Spiritualism recently delivered by him—the copyright of the report of the address by the former gentleman, having been secured several days prior to that of the latter.—*Argus.*

The penny was the first coin struck in England; and until the time of Edward I., was so deeply indented [illegible] that it might be broken into two or four parts called respectively, halfpence and "four things" or farthings.

The whole structure of a Fish is as evidently adapted for swimming as that of a bird for flight, and the WELL DRESSED FISH is as well adapted to grace the table till ate the appetite, and build up the human body as is the flesh of innocent sheep or slow oxen It is my pleasure, just now, to speak of the facilities for obtaining a supply of those oviparous vertebrate animals which breathe water, than to give a discourse on that interesting science of ichthyology because it is among the first duties and delights of mankind to eat and drink, and enjoy the fruits of their labor Be it known then by my numerous friends, and the good natured Fish-eating public, and men of all pursuits of all persuasions, and of all political parties whether in office or out of office that the indefatigable THOMAS BICKFORD has worked his way, with the improvements of the age and is better than ever prepared to serve the public, separately or collectively with the best of FRESH FISHES, in all their seasons and varieties.

The world renowned M Agassiz is still engaged in the Fish business and delights in the scaly matter, but while the great naturalist is seeking the acanthopterygian malacopterygian and other genera I am seeking the best mode of furnishing to the most people good and wholesome Fresh Fish Corned Fish, Lobsters Clams, and such like Agassiz puts in the science and I the strength Good people all differ as you may as to the rightfulness of the Dred Scott decision the prosperity of the East or West or the propriety of one sermon or two of the High School in this thing you will all agree, after a full trial, that THOMAS BICKFORD'S Stall, at Norumbega Market, is amply and elegantly supplied with the best of FRESH FISH

The time of the singing of birds has come and so too has the time of Salmon and of Shad and other dainties of the Fisheries and Bickford is still fishing for something new in his line and employing lots of lines and sometimes even the telegraph line, to get abundance of FRESH FISH in season

Don't forget the place—at Norumbega Market,—nor the man BICKFORD, nor the genuine fresh and sweet and toothsome article—FRESH FISH—fragrant as new made hay Finem respice

LINCOLN'S WATER PROOF BLACKING, AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician

IS it not a truth that when the feet are often wet it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried it soon becomes hard stiff, and cracks but when it is water proof this is remedied By the application of this preservative, it remains soft and entirely impervious to water

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water proof, but at the same time extremely injurious to the leather At last by a chemical process I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned It will not only make leather water proof, but it likewise softens the leather, and it will

Positively wear twice as long.

I have now used it for three years and a large part of that time have worked in a wet Tannery with my boots constantly in water, and have not had my feet wet during that time I can therefore in all confidence recommend it to the public as the best article in the market

THE LUXURY AND PROFIT OF HONEY MAKING.

☞Torrey's Bee Hive.

THE subscriber having purchased the right of making and selling *Davis Patent Bee Hive* for the Counties of Penobscot Lincoln and Sagadahoc which has been received with so much favor, and taken the first premiums wherever exhibited has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals

This Bee Hive, thus improved is admitted by persons acquainted with the honey making business to be superior to every thing yet invented for the purpose It covers all the requisitions for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper separation of the swarms, and generally for the health and comfort of the workers

The boxes used in this Hive for storing honey, are the best adapted in their size, for the market, holding from three to six pounds each

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights

For sale, fifty swarms of Bees, with the new hives

ONLY ONE BOTTLE —OF— DR SANFORD'S INVIGORATOR OR LIVER REMEDY!

SANFORD'S LIVER INVIGORATOR

IS REQUIRED TO CURE ANY ONE TROUBLED with Liver Complaints, unless the most desperate of cases, when the second bottle will with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician, who has used it in his practice for the past 20 years with a success almost incredible, and that it is entirely vegetable, being composed wholly of gums. Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of calomel, without any of its deleterious effects.

One bottle is the surest thing known to carry away the bad effects of mineral poison of any kind

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice, removes all yellowness or unnatural color from the skin

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring will prevent nightmare

One dose taken at night loosens the bowels gently and cures costiveness.

One dose taken after each meal will cure dyspepsia

One dose of two teaspoonful will always relieve sick headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure

Only one dose immediately relieves cholic

One dose often repeated is a sure cure for cholera morbus, and a sure preventive of cholera.

One dose taken often will prevent the recurrence of bilious attacks, while it relieves all painful feelings.

☞One or two doses taken occasionally is one of the best remedies for a cold ever known

Thousands of Cases of inflammation & weakness of the lungs have been cured by the Invigorator.

One dose taken a short time before eating, gives vigor to the appetite, and makes food digest well

One dose, often repeated, cures chronic diarrhea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms while for worms in children there is no surer, safer and speedier remedy in the world as it never fails

There is no exaggeration in these statements They are plain and sober facts that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor

We wish all who are sick and debilitated to try this remedy, and test it thoroughly and any who are not benefitted by its use we should like to hear from them, as we have yet to hear from the first person who has used a bottle of it [illegible] without receiving benefit from it. There are such astonishing medicinal virtues in it, that all no matter how long they have been afflicted, if their complaint arises from a deranged liver will be benefitted if not entirely cured

THE GREATEST MEDICAL DISCOVERY Of the Age.

Dr KENNEDY, of Roxbury has discovered in one of our *common pasture weeds*, a remedy that cures

EVERY KIND OF HUMOR; From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples on the face

Two to three bottles will clear the system of biles

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst case of Erysipelas

One to two bottles are warranted to cure all humor in the eyes

Two bottles are warranted to cure running of the ears and blotches among the hair

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruption of the skin

Two to three bottles are warranted to cure the worst cases of ringworm

Two to three bottles are warranted to cure the most desperate case of rheumatism

Three to four bottles are warranted to cure the salt rheum

Five to eight bottles will cure the worst cases of scrofula

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken

Reader, I peddled over a thousand bottles of this in the vicinity of Boston I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor I never sold a bottle of it but that sold another, after a trial it always speaks for itself There are two things about this herb that appear to me surprising, first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have

I know of several cases of Dropsy, all of them aged people, cured by it For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c, the discovery has done more good than any medicine ever known

No change of diet ever necessary—eat the best you can get, and enough of it.

DIRECTIONS FOR USE —Adults one tablespoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day

The Principal Office for the State of Maine and the British Provinces is at the Drug and Medicine Establishment of H H HAY, 15 & 17, *Market Square, Portland, Maine*, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces

Old Papers for sale.

American & Foreign Patents.

R. H. EDDY, SOLICITOR OF PATENTS,

(Late Agent of U. S. Patent Office, Washington, under the Act of 1837)

No. 76 State Street, opposite Kilby St,
BOSTON

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France, and other foreign countries Caveats, Specifications Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions, and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY he would add that he has abundant reason to believe and can prove, that at no other office of the kind are the charges for professional services so moderate — The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents

All necessity of a journey to Washington, to procure a Patent, and the usual great delay there are here saved inventors

Testimonials

During the time I occupied the office of Commissioner of Patents R H EDDY Esq of Boston did business at the Patent Office as Solicitor for procuring Patents — There were few, if any, persons acting in that capacity who had so much business before the Patent Office and there were none who conducted it with more skill fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office

EDMUND BURKE
Late Commissioner of Patents

[From the present Commissioner]

August 17 1855 —During the time I have held the office of Commissioner of Patents R H Eddy Esq of Boston has been extensively engaged in the transaction of business with the Office as a Solicitor He is thoroughly acquainted with the law and the rules of practice of the office I regard him as one of the most capable and successful practitioners with whom I have had official intercourse

ANTAGONISTIC To Prejudice and Empiricism!

OLD DR. CULVERWELL'S

Member of the Royal College of Surgeons (1827) Licentiate of the Hall (1834) and 26 years Medical Referee, &c.)

Radical Regenerator,

FOR SEMINAL WEAKNESS,

In all its forms as Nocturnal and Diurnal Emissions, Nervous Irritability, Premature Decay, Loss of Virility Impotency and all diseases arising from early indiscretion

This excellent Remedy, discovered by the world renowned DR CULVERWELL in London, the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues Its salutary effect is almost instantly felt and it will doubtless at once supersede all other means resorted to, medical surgical or otherwise, to arrest and to cure this awful disease A single trial will convince the most sceptical, that a safe and perfect cure may now be had at the expense of a few dollars which up to this date could not be procured for all the gold of the world The heavy expenses incurred in bringing this article before the public could not be risked were its superiority over every means hitherto employed for the same purpose not a sure guarantee that its employment by one person would, through recommendation, result in an eventual sale to many

DR CULVERWELL's admirable and entirely novel plan of treating these diseases, is in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice

Full and plain directions for all the different varieties of the complaint accompany Dr Culverwell's REGENERATOR-REMEDY so as to enable every one to treat himself or herself successfully Price $2, on the receipt of which it will be forwarded *by mail* free of postage, to any part of the country Address, Messrs BRIDGMAN & CO, Druggists and Apothecaries, 158 Grand St, New York, Sole Agents for the United States and Canada Nov 19 d&wly
